The Blood

Is the source of health; therefore, to keep well, purity the blood by taking Hood's Sars-parilla. This medicine is peculiarly ber of her pupils one evening. They redesigned to act upon the blood, and through that upon all organs and tissues of the body. It loss a specific action, also upon the secretions and excretions, and assists nature to expel from the system scrofula, numers, impure particles, and effete matter through the lungs, liver, bowels, kidneys and skin. It effectually aids weak, impaired, and debilitated organs. A trial will convince you that it does possess R. E. S. peculiar curative powers.

Cancer. I am satisfied that Cancer is hereditary in my family. My father died of it, and my own sister died of it. My feelings may be imagified, then, when the horrible disease made its appearance on my side, I was a malignant Cancer, eating inwardly in such a way that it could not be cut out. Numerous remedies were used for it, but the Concer grew steadily worse, until it seemed that I was doomed to follow the others of the family. I took Switt's Specific, which, from the first day torced out the poison, and continued its use until I had taken several bottles, when I found myself well. I know that S. S. M. Idol. cured me. Mrs. S. M. Idol. Winston, N. C., Nov. 16, '88.

OUT OF ORDER. Last year I was badly troubled with Blood Poison. My whole system was out of order, diseased, and a constant source of suffering, with no appetite and no ensinsed two wittles of Swift's Specific (S.S.) of Dr Schrodus' drog store, and took by the directions, which made a complet cure. No better remedy was ever use

or impurities of the blood than S. S. S. Dayton, O , Dec. 27, '88. John Gavin Dayton, O., Dec. 27, '88. John Gavin.

I had a rising on the inside of my head behind my right ear, which grew so bad that the flesh sloughted off. It was langed—swelled again and was lanced the second time. I took S. S. S. which forced out the poison, the discharge being copious. As soon as the poison was elimenated the sore began healing, and in a short time was perfectly well. S. S. S. has cured me of this dangerous trouble which was thought to be incurable.
